## POLICE CHIEF'S MESSAGE

Layton City Mayor and Council:

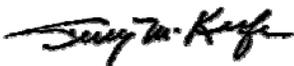

The following section contains the annual report of the Police Department and recaps the activities of the Department. Crime trends for the past five years have remained relatively stable with minor variations on a year to year basis. While some categories may show a tremendous percentage increase, the reality is that those increases are caused by an actual numerical increase of only two or three additional incidences. One area of concern is the expanding use of smart phones and other electronics during the commission of crimes. The rapid changes in technology make it difficult for the Department to stay current with technology and the examination of information obtained from these devices is time intensive.

During the past year our Forensics/Evidence Unit benefited from the addition of an additional crime scene investigator, bringing the total number of employees assigned to the CSI/Evidence unit to three. A comprehensive audit of the evidence room was completed. 5,110 cases with 12,133 individual items of evidence were inspected to ensure the integrity of the evidence room. Working part time on the audit, this process took over five months to successfully complete. The Forensic Unit was also asked by a leading crime scene equipment manufacturer to research the applicability of a new product they had developed for the development of latent fingerprints.

The Police Department responded to 1,082 calls involving individuals experiencing some type of mental health issue during the year. Involuntary commitments to a mental health facility appear to be increasing over the past several years. Recognizing the trend two years ago, the Department embarked on a training program to certify all officers in Crisis Intervention. This 40 hour training program better prepares our officers to deal with individuals in crisis. Officer Anthony Yuen was chosen as the CIT Officer of the Year for his outstanding work in this area.

As you look over the information contained in the following pages, please feel free to contact me with any questions or concerns you may have.

Respectfully,

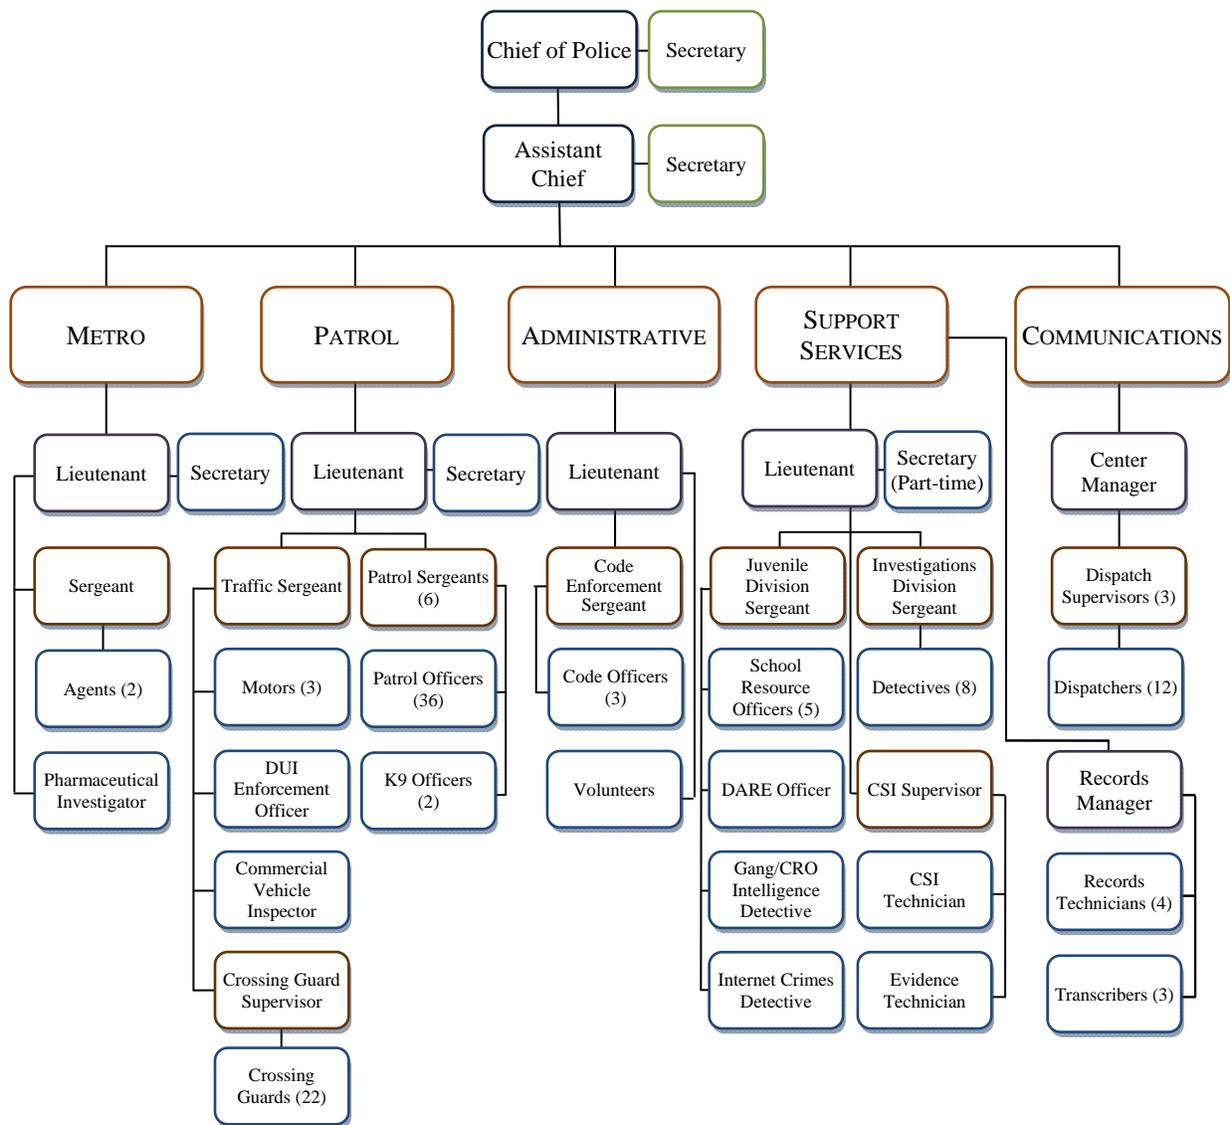

Terry M. Keefe  
Chief of Police

Volunteers	11		3	1	
<b>Total</b>	<b>31</b>	<b>0</b>	<b>15</b>	<b>4</b>	<b>2</b>

*Changes in personnel*

**Professional Standards**

The Police Department strives to ensure employees act in a manner consistent with Layton City’s mission, values, and objectives. Complaints from citizens and alleged policy violations are taken seriously. Investigations are done to determine the legitimacy of the complaint or violation and then categorized as one of the following:

*Sustained – Evidence supports allegation*

*Not sustained – Insufficient evidence to prove or disprove allegation.*

*Unfounded – Complaint not based on facts, alleged incident did not occur or was not committed by an employee of the department.*

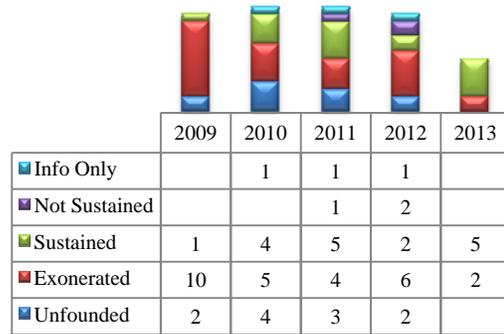

*Exonerated – Incident occurred but was justified and proper under the circumstances.*

*Information only – Complaint so vague, frivolous, general, or minor that no conclusion was reached.*

Use of force is also monitored closely to ensure all instances are justified and prudent.

**Citizen Complaints**

Citizen complaints are those that come from outside sources, including third party complaints. Any department member may take a complaint from a citizen. Complaints are thoroughly investigated and the Police Chief notifies the complainant in writing of the final disposition.

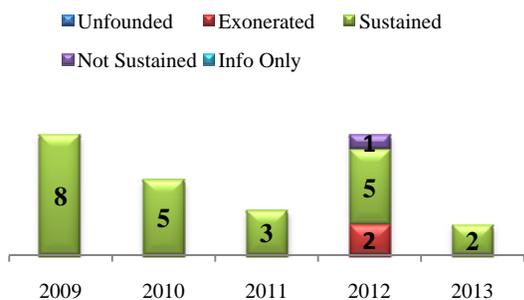

Totals	13	14	14	13	7
--------	----	----	----	----	---

*Five year comparison of citizen complaint findings.*

**Internal Staff Inspections**

Internal staff inspections are the result of the day-to-day oversight of the department and are normally initiated by supervisors. The majority of these investigations are the result of minor policy violations and the findings are used to identify deficiencies and develop specific training objectives to correct the issues. Occasionally the outcomes of these inspections result in formal discipline up to and including termination.

Five year comparison of policy violation findings.

### Use of Force

Police officers frequently deal with violent or disruptive individuals who pose a threat. Officers receive extensive training to help them determine when use of force is appropriate and at what level. The goal is to stop the threat without exceeding the level of force considered justifiable under the circumstances.

The following table shows how often different forms of force were used, not the number of suspects upon which force was used. Multiple uses of force can result when one level does not stop the threat and the next level becomes necessary. Vehicle pursuits, though not considered a use of force, are also listed in this table. Before entering into a pursuit, officers balance the safety of the public and themselves against their duty to apprehend violators of the law.

## News in 2013

### Progress

#### Smart911

The Police Department implemented the Smart911 program, which allows citizens to provide critical, lifesaving information in advance of calling 9-1-1. When a caller dials 9-1-1, the information is displayed to the dispatcher. Layton is the first city in Utah to utilize the program. Citizens can sign up for free at smart911.com.

#### Crime Free Multi-Housing Program

Five new apartment complexes were brought into the Crime Free Multi-Housing Program in 2013 for a total of 17 Layton properties participating. 2013 resulted in 110 less calls for service and 19 fewer arrests in comparison to 2012 from multi-unit housing properties.

#### radKIDS Program

The radKIDS Program, which teaches children in grades 3-6 self-defense techniques and how to physically resist an abduction attempt, was taught three times at each elementary school in the city. 447 youth attended the program in 2013 and a substantial waiting list was experienced for all three classes.

### Notable Events

#### Volunteers in Police Service

Volunteers donated nearly 700 hours to the department. The value of this donated time was over \$8,300. Volunteers help with department and officer training scenarios, community events, and other projects as assigned.

#### ICAC (Internet Crimes Against Children)

In March of 2013, two Layton PD investigators affiliated with the ICAC Task Force participated in their annual statewide event to identify and arrest suspects who victimize children online. This event resulted in 12 knock and talks and 30 home search warrants. During these contacts, 26 computer search warrants were obtained, which resulted in 10 arrests.

#### Shop with a Cop

The Department hosted a “Shop with a Cop” event in conjunction with Wal-Mart and Golden Corral. The program gives underprivileged children the chance to

shop for Christmas presents and exposes them to police officers in a positive manner. This year, 22 Layton officers volunteered their time and helped 33 kids have a happier Christmas. 15 Airmen from Hill Air Force Base and 6 Layton Firefighters also attended the event.

#### *Utah ShakeOut*

The department participated in the Utah ShakeOut earthquake drill on April 17, 2013. The Emergency Operations Center (EOC) personnel were given tasks to test various aspects of the city's emergency response plan. The department worked closely with other city departments to assess risks, test equipment, and evaluate procedures.

#### *Child Identification Kits*

Officers provided child identification kits at 6 events this year and created approximately 500 kits. The kits provide parents with a single document that contains their child's personal identifying information, photograph, and fingerprints. They are the most requested service from the Community Resource Unit.

#### *DEA Drug Take-Back Results*

A total of 508 pounds of prescription and over-the-counter medications were collected and destroyed during the DEA Drug Take Back initiative.

#### *CIT Utah 2013 Officer of the Year*

Officer Anthony Yuen was awarded the CIT Utah 2013 Officer of the Year for his handling of an incident involving an intoxicated man who was experiencing symptoms of Post Traumatic Stress Disorder (PTSD). Due to Officer Yuen's CIT training, Officer Yuen was able to recognize the man as struggling with this disorder, utilize appropriate tactics to calm the man, and render the situation safe for all involved without the use of force. Officer Yuen was recognized at the 2013 NAMI Utah Conference, and will be CIT Utah's guest at the CIT International Conference in Monterey, CA.

#### *Department Tours & Presentations*

In 2013, 50 tours of the police station were conducted, most often to scouting groups. Additionally, 13 presentations were made to various groups. The topics presented involved personal safety, crime prevention, frauds/scams, and topics pertinent to fulfilling scouting merit badges.

#### *Community Events*

Members of the police department were involved in several community events throughout 2013. Some specific events to note are the Safe Kids Fair, Bicycle Fairs, Arts in the Park, Tip a Cop, the Kendall O. Bryant Fire Prevention Awareness Day open house, and the Special Olympics Torch Run.

#### *Citation of Honor*

Metro Agent Bobrowski received a Citation of Honor from the Utah Narcotics Officers Association (UNOA) in September 2013. He received the award for outstanding investigative work on a Spice drug trafficking organization. He investigated a number of smoke shops located in Davis and Salt Lake Counties. Through the investigation over \$230,000 in cash and 27 pounds of Spice were seized. The case received Federal prosecution and several individuals were indicted.

#### *Advanced Law Enforcement Rapid Response (ALERRT) Training*

A representative from the department serves on an advisory board to assist the Davis School District in establishing a more thorough and effective policy for "Active Shooter" situations. The advisory board recommended adopting a Standard Response Protocol (SRP) from the "I love u guys<sup>®</sup>" foundation that has already been in place in many school districts across Utah and the United States. This protocol was adopted by the Davis School District and implementation began toward the end of 2013. In conjunction with this new protocol, ALERRT training was conducted at Northridge High School with hundreds of officers and deputies from local, state, and federal agencies. This training provides law enforcement with standardized procedures, thus enabling them to work more effectively within multiple jurisdictions during an active shooter incident.

#### *POST Region 2 Training*

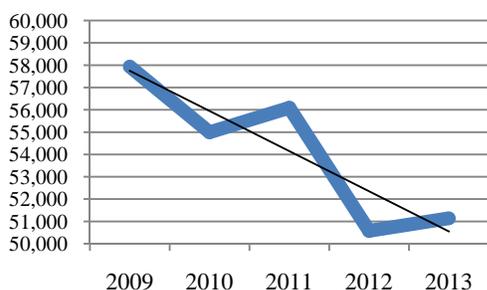

Layton Police Department continues serving as the coordinating agency for POST accredited training in Davis County. During 2013, the department hosted several training classes and continued a partnership with the Weber State University Law Enforcement Academy in an effort to bring more training to the area.

**Crisis Intervention Training (CIT)**

Layton PD hosted two CIT Regional Academy classes in 2013. CIT provides specialized training to help law enforcement deal with subjects with mental health issues. 18 officers and deputies representing eight different agencies were certified during these two CIT training sessions. Layton PD is the CIT Regional Coordinator for the Davis County area, and all Layton police officers will be CIT certified by the end of 2014.

**Police Service Calls**

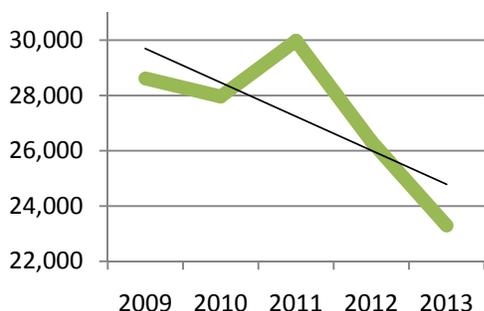

Police service calls include requests made by citizens for police service as well as officer generated activity, some administrative duties and follow up on previous calls. There was a slight increase from 2012, although there has been a downward trend in service calls over the past few years.

Five year comparison of number of police calls created.

**Cases**

Cases are created from police service calls that require documentation by the responding officer.\*

Five year trend of number of cases issued.

\*Reporting method changed mid-year, contributing to the decrease in the number of cases generated.

**Top 10 Cases**

1	Citizen Assist	2,359
2	Suspicious Circumstance	2,324
3	Traffic Accident	1,573
4	Theft	1,558
5	Alarm	773

**Crime in Layton**

**Crime Clock**

- One HOMICIDE every 182.5 days
- One SEX OFFENSE every 1.6 days
- One ASSAULT every 19.8 hours
- One CHILD ABUSE or NEGLECT every 1.6 days
- One ROBBERY every 28.1 days
- One FRAUD or FORGERY every 1.1 days
- One BURGLARY every 1.7 days
- One VEHICLE THEFT every 4.6 days
- One THEFT every 7.3 hours
- One ARSON every 365 days
- One VANDALISM every 13.8 hours
- One DOMESTIC VIOLENCE Act every 13.7 hours

**Part 1 Crimes**

Layton Police participates in the FBI's UCR (Uniform Crime Reporting) program. UCR counts the number of incidents reported to each participating agency that involves a Part 1 Crime (listed in table on next page).

Only one Part 1 Crime can be reported per incident. If more than one Part 1 Crime occurs in a single incident, the most serious crime is reported. Discrepancies in crime numbers in this report are due to this rule.

LAYTON CITY ANNUAL REPORT – 2013

Police Department

	2013	2012	Change
Homicide	2	0	**

Arrests by age range, race, gender.

## Traffic

### Stops and Citations

The five year trend has been up for the number of traffic stops made and down for the number of citations issued. 2013 presented an increase in traffic stops and an increase in citations issued. There were 15,002 traffic stops and 6,497 citations in 2013.

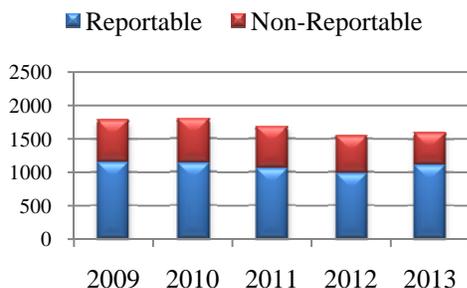

Five year comparison of traffic stops and citations.

### Accidents

Traffic accidents are categorized as either reportable or non-reportable. Accidents resulting in injury to or death of any person, or accidents with total property damage to the apparent extent of \$1,500 are reportable.

There were 1,110 reportable accidents and 486 non-reportable accidents reported in 2013. Although the number of traffic accidents reported has been declining over the years, 2013 showed a slight increase in reportable accidents and decrease in non-reportable accidents.

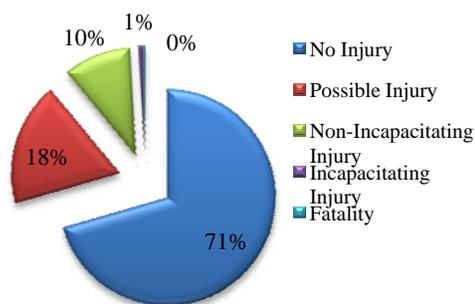

Five year comparison of traffic accidents.

Ranking of top ten accident locations.

### Severity

Accidents by severity.

### Fatalities

There were three fatality accidents in Layton in 2013.

#### Auto vs. Motorcycle

A 39-year-old male driving a motorcycle died when a vehicle turned left in front of him on Hill Field Road. There was one passenger in the vehicle and no passengers on the motorcycle.

#### Bicyclist

A 61-year-old male died after he lost control of his bicycle on Main Street. It is believed he may have rubbed tires with one of his riding partners or lost control for another unknown reason.

#### Auto vs. Fixed Object

A 75-year-old male died when his vehicle struck a large concrete traffic sign on Highway 89. He was the only occupant of the vehicle.

## Investigations Division

### Cases

The Detective Division handled 1,192 cases in 2013: 693 cases involved major crimes, 196 involved minor crimes, and 303 were information or non-criminal.

### Clearance Rate

A case is considered *cleared* if an arrest was made or charges were filed on the suspect or would have been if not for exceptional circumstances such as the victim refused to cooperate or the prosecutor determined there was not enough evidence to obtain a conviction. Basically, a cleared case is a solved case.

The clearance rate reflects the percent of cleared cases versus those that were closed with no further leads. Cases that are still being investigated are not used in calculating clearance rates.

	Clearance Rate					Total
	Cleared	Closed with no further leads	Referred to other jurisdiction	Unfounded	Still active	
Arson	0%				1	1
Assault	73%	16	5	3	2	26
Burglary	28%	32	44	1	40	117
Child Abuse	71%	14	2	2	19	12
Fraud / Forgery	52%	69	18	20	2	66
Robbery	38%	3	2			3
Sex Offense Adult	63%	22	2	2	3	14
Sex Offense Child	67%	69	3	17	22	50
Theft	35%	25	26		5	29
Vehicle Theft	36%	7	12		3	6
<b>Total</b>	<b>51%</b>	<b>257</b>	<b>114</b>	<b>42</b>	<b>57</b>	<b>223</b>

*Cases and clearance rates by offense for major crimes referred to Investigations Division.*

### ICAC Investigations

In 2013 there were 22 search warrants served and eight men were arrested for crimes involving exploitation of a minor through the internet. There were 18 presentations involving 830 people given to various groups. These presentations help educate about the hazards and risks involved with child predators on the internet, as well as ways to help protect themselves and their children from these risks.

In December of 2013, Layton ICAC investigators also participated in the statewide effort to identify and arrest online sexual predators, which resulted in six search warrants and two additional arrests.

### Vice Investigations

17 stings were conducted, resulting in 11 arrests for patronizing a prostitute, 10 arrests for sexual solicitation, two arrests for aiding prostitution, and one arrest for prostitution.

### Registered Sex Offenders

There were 138 sex offenders registered in the City of Layton at the end of 2013.

	2013	2012	Change
Registrations & Updates	157	213	-26.29%
Compliance Checks	70	46	52.17%
Violations	7	19	-63.16%

*Yearly comparison of cases related the administration of sex offender registration.*

### Mentally Ill Subjects

Having contact with citizens in the community who are known to be mentally ill or who are suspected of being mentally ill is a component of police work. The Investigations Division has designated a detective to complete follow up contacts with mental health consumers who call for service. The follow up will serve to put them in contact with available resources and establish a point of contact between them and the department. In 2013, the department handled 1,082 cases involving a suspected or known mentally ill subject.

### CSI

The Crime Scene Investigations Unit is responsible for collecting, processing, and maintaining evidence from crime scenes and for storage and purging of found property items.

During 2013, the pharmaceutical disposal bin located in the lobby of the police department was emptied 27 times. 978 pounds of over-the-counter and prescription drugs were collected and disposed of.

An audit of the department's evidence and property room was done in 2013. A total of 12,133 items related to 5,110 cases were audited.

# LAYTON CITY ANNUAL REPORT – 2013

## Police Department

### Evidence Processing

	2013	2012	Change
Scene Responses	135	167	-19%

VIN Inspection	18
Weed Violations	759
<b>Total Cases</b>	<b>3916</b>

Code enforcement cases by violation.

### Compliance

Of the 3,403 cases with violations, Citations were issued on scene in 82 cases and 2,246 required re-

inspection of the property. Compliance was achieved without further legal action in 2,100 of the re-inspected properties.

Compliance rate of re-inspected code violation cases.

### Metro Narcotics Strike Force

The Strike Force is comprised of investigators from law enforcement agencies throughout Davis County. Layton PD has three detectives, one sergeant, and one lieutenant assigned to the task force.
